

Chemeketa Community College

Although the DQP work is still in its early stages, describe progress you may have made in clarifying, refining, or implementing your Work Plan?

Chemeketa is still getting DQP off the ground. We have had one meeting with faculty to discuss the process and educating them of what the purpose of DQP. We plan to start the input process soon.

How has the work to date with the DQP informed your thinking on the identification and alignment of learning outcomes and assessment of student achievement of those outcomes?

Too early to tell. This will happen once we finish the DQP inputting process

What focus/activities for the May conference would be most helpful in working through your Work Plan?

- A. Discuss if this a useful tool or not?
- B. Hands on inputting outc omes and spider graphing tool.
